

# Papua New Guinea Frequently Asked Questions

## **Aviation**

### **Has Air Niugini ever flown to Talsea**

Firstly I will assume you mean Talasea. I know they did when they operated DC3's in the early days. In 2002 they flew Dash 8's to Talasea (West New Britain) for about 6 months after Mt Pago erupted and Hoskins was closed. The agent at Talasea in 1973 was Volupai Plantations.
